**WHY DIDN'T
YOU STOP
THEM!?**

**WHY DIDN'T
YOU SAY
SOMETHING!?**

I-I'm sorry.

They said they
were only going
for a short walk

We'll deal
with it from
here.

All right.

I can't imagine bringing Beth out of here could accomplish anything.

...Now then, just what do you have in mind?

If I contact **The Committee**, they'll secure the two one way or another.

However...

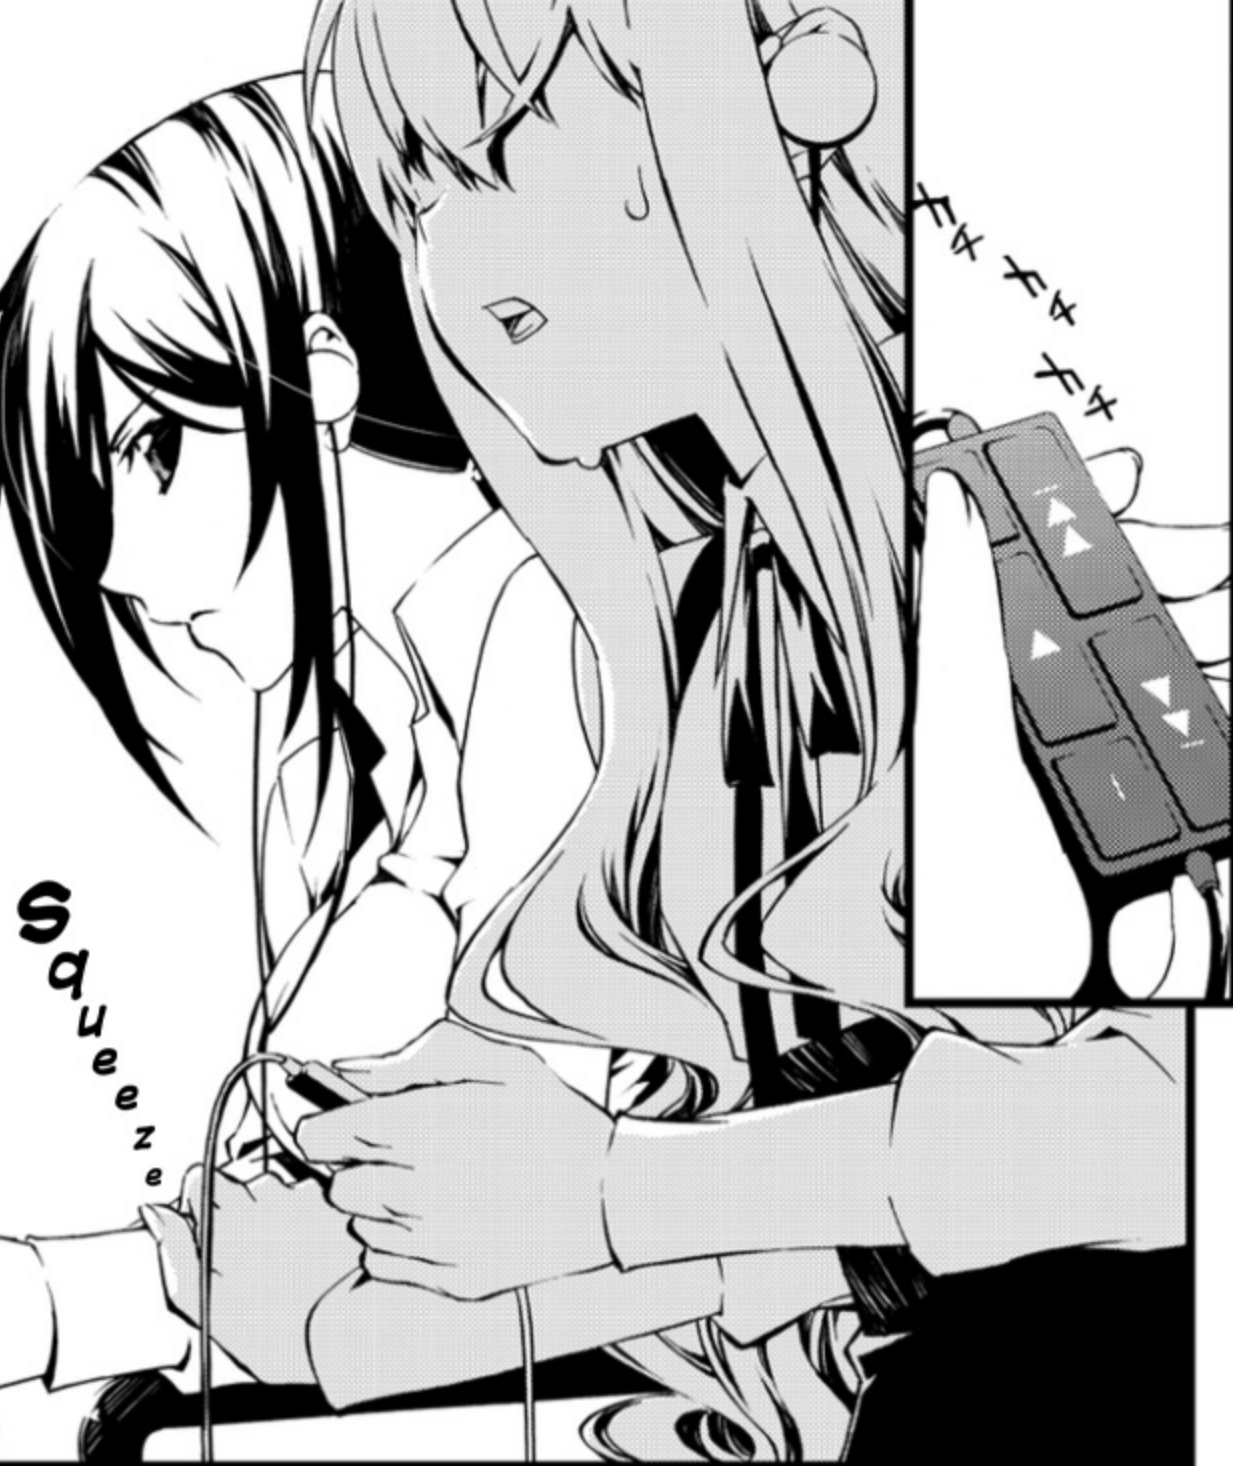

Then they would know a staff member took a research subject on an unauthorized excursion, a mark on my record I'd rather avoid.

I cannot afford for the Committee to call my research into question at this point.

Mother will
kill them.

Can you
tell us your
name?

"Only recently

strain from the visit
likely still persists. Time

necessary."

"She rocks in
place, says
nothing..."

"...heavily
malnourished,

hospital."

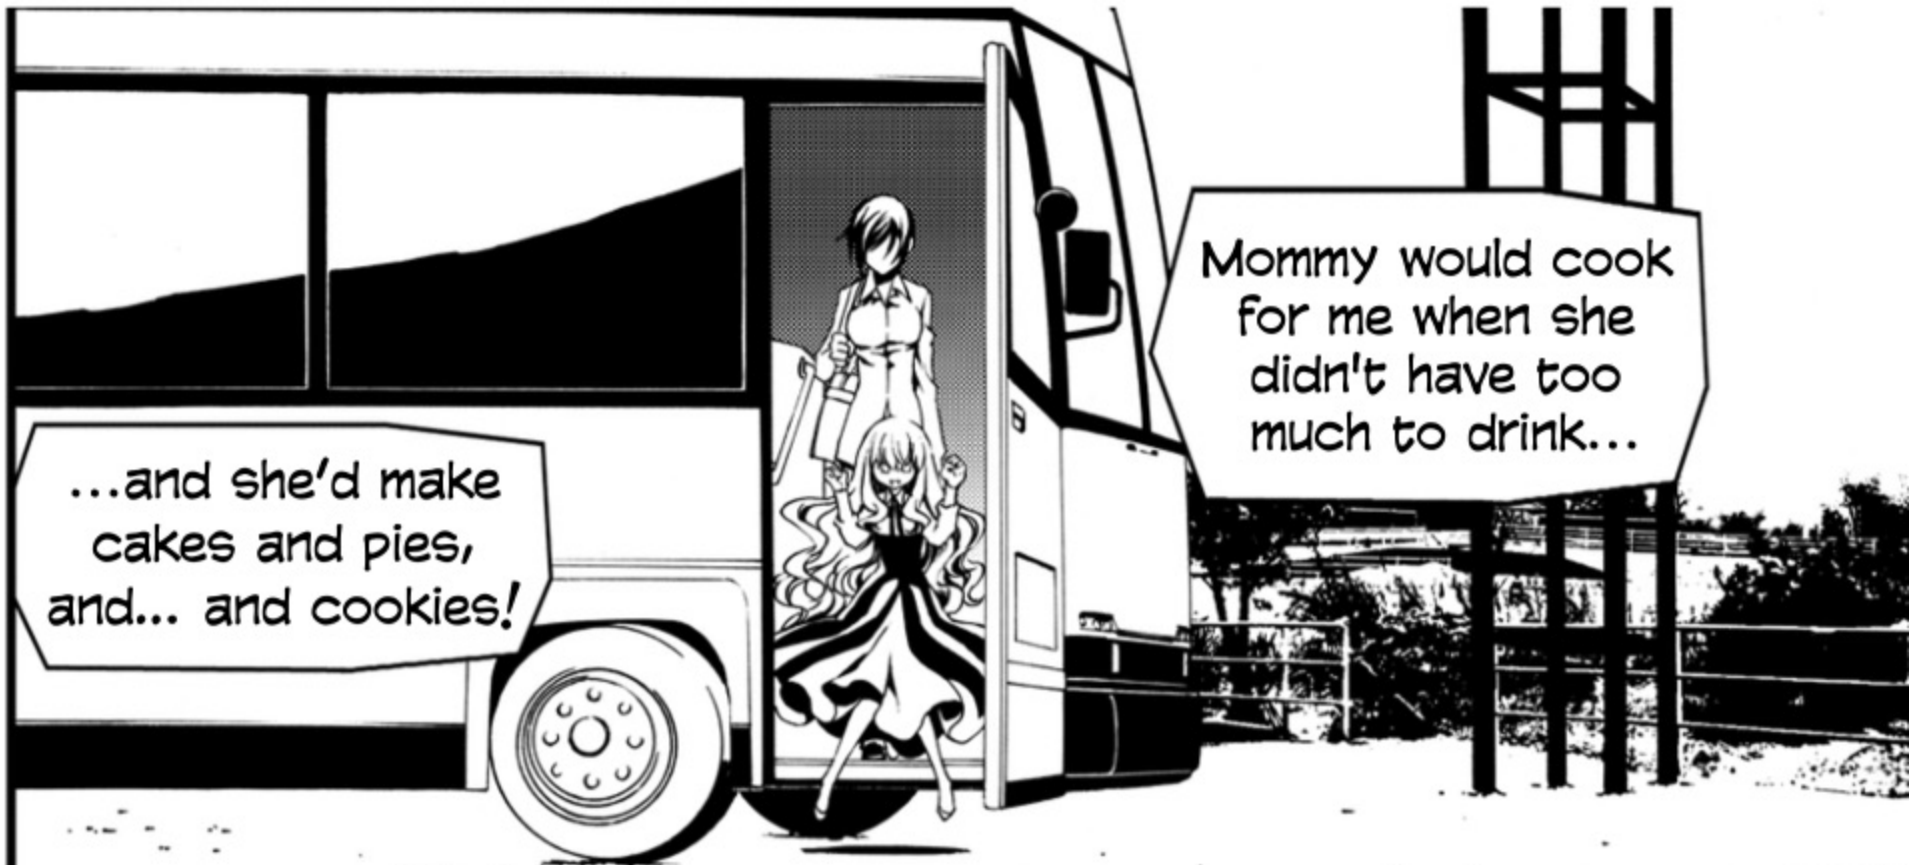

"Report 041!"

Oh, so it
was tasty?

Yep!

Mommy would cook for me when she didn't have too much to drink...

...and she'd make cakes and pies, and... and cookies!

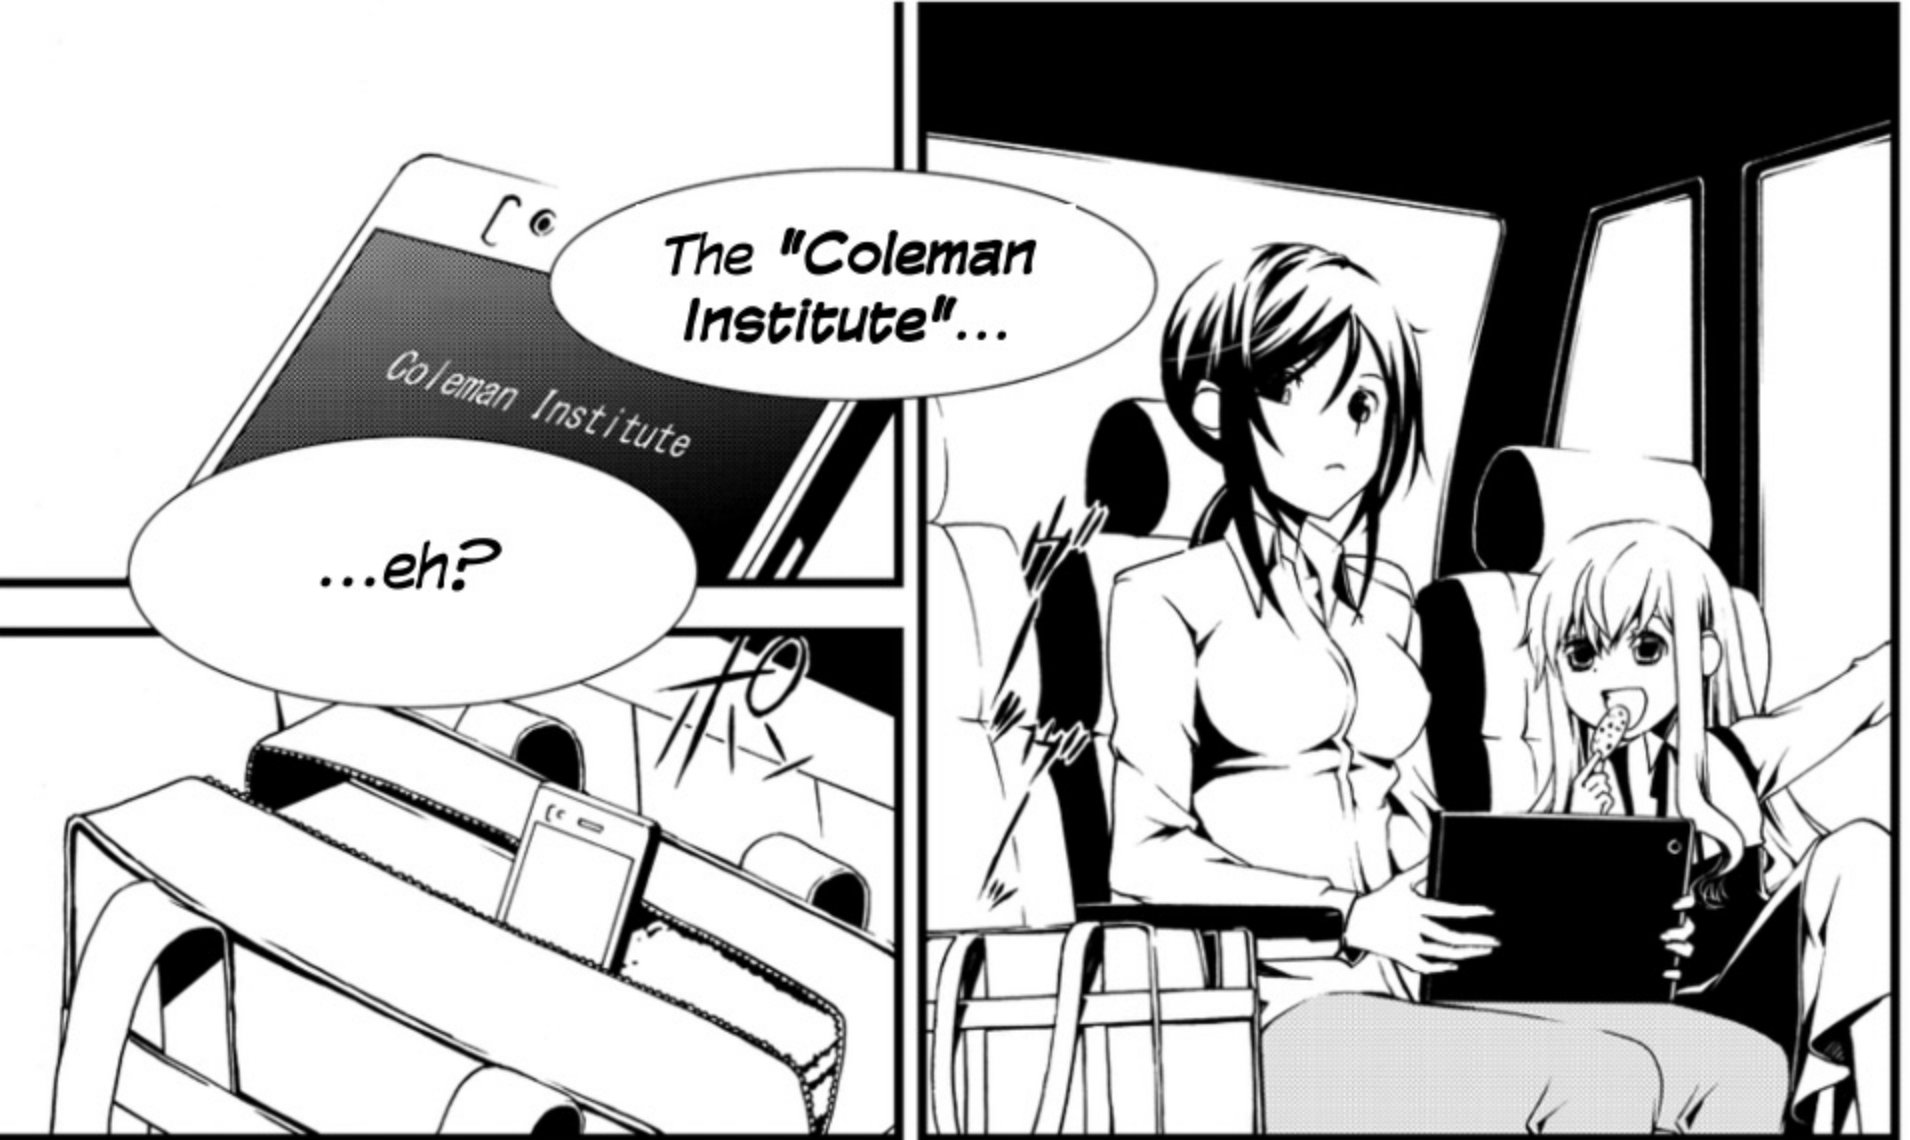

Your ears — or more accurately, a part of your brain — just happens to function a little differently than for most other people.

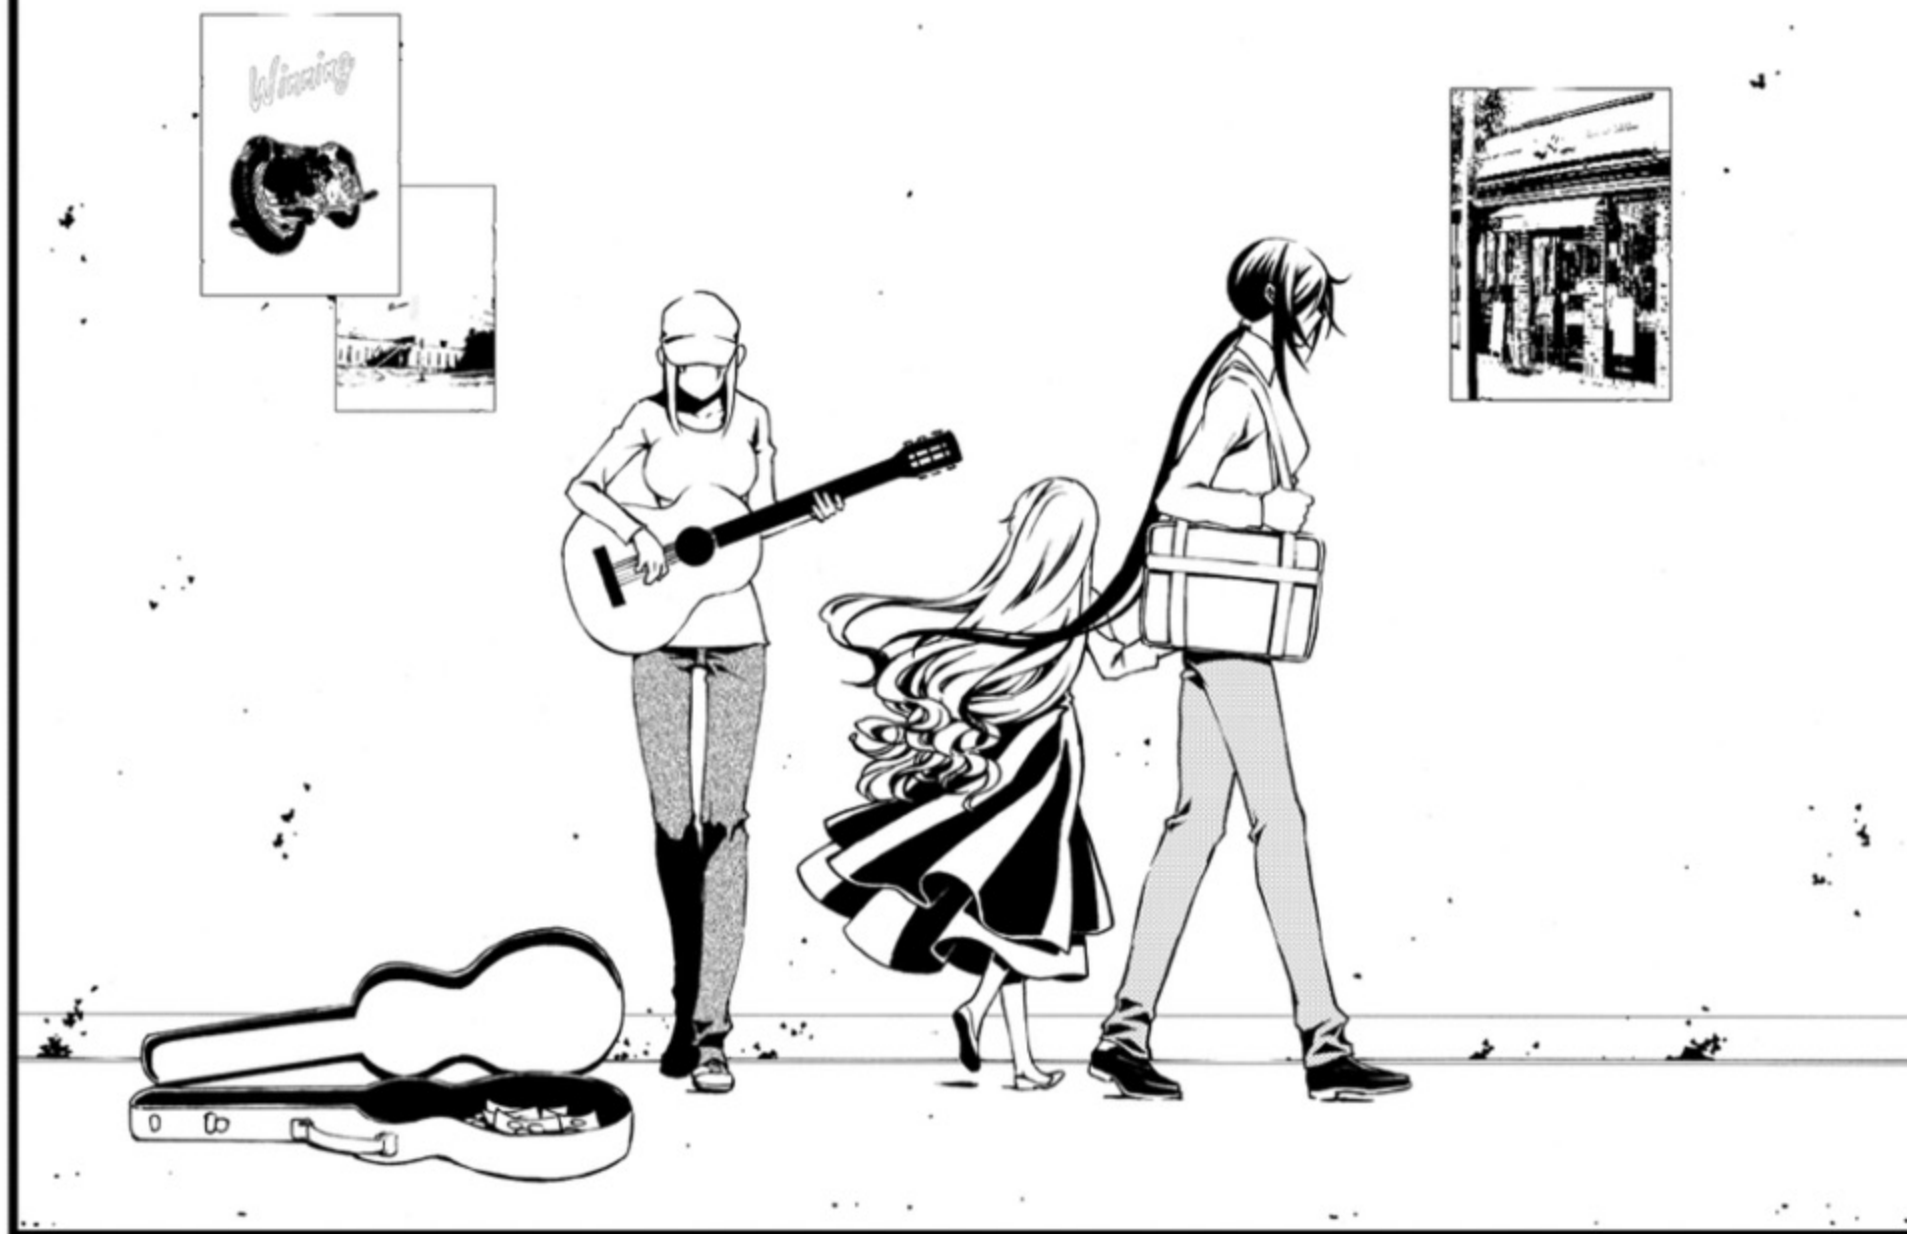

Beth, you've done nothing wrong.

Nothing, Beth. Nothing.

But I—

Lewis wants
you to think of
him as family.

I don't need a
mommy or a
daddy!

Beth...

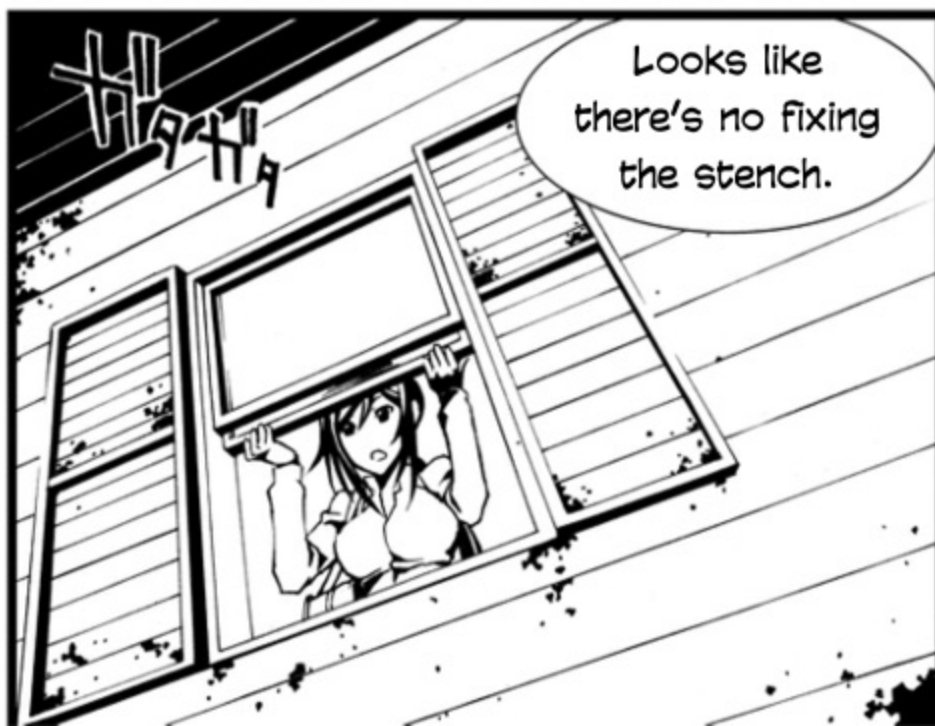

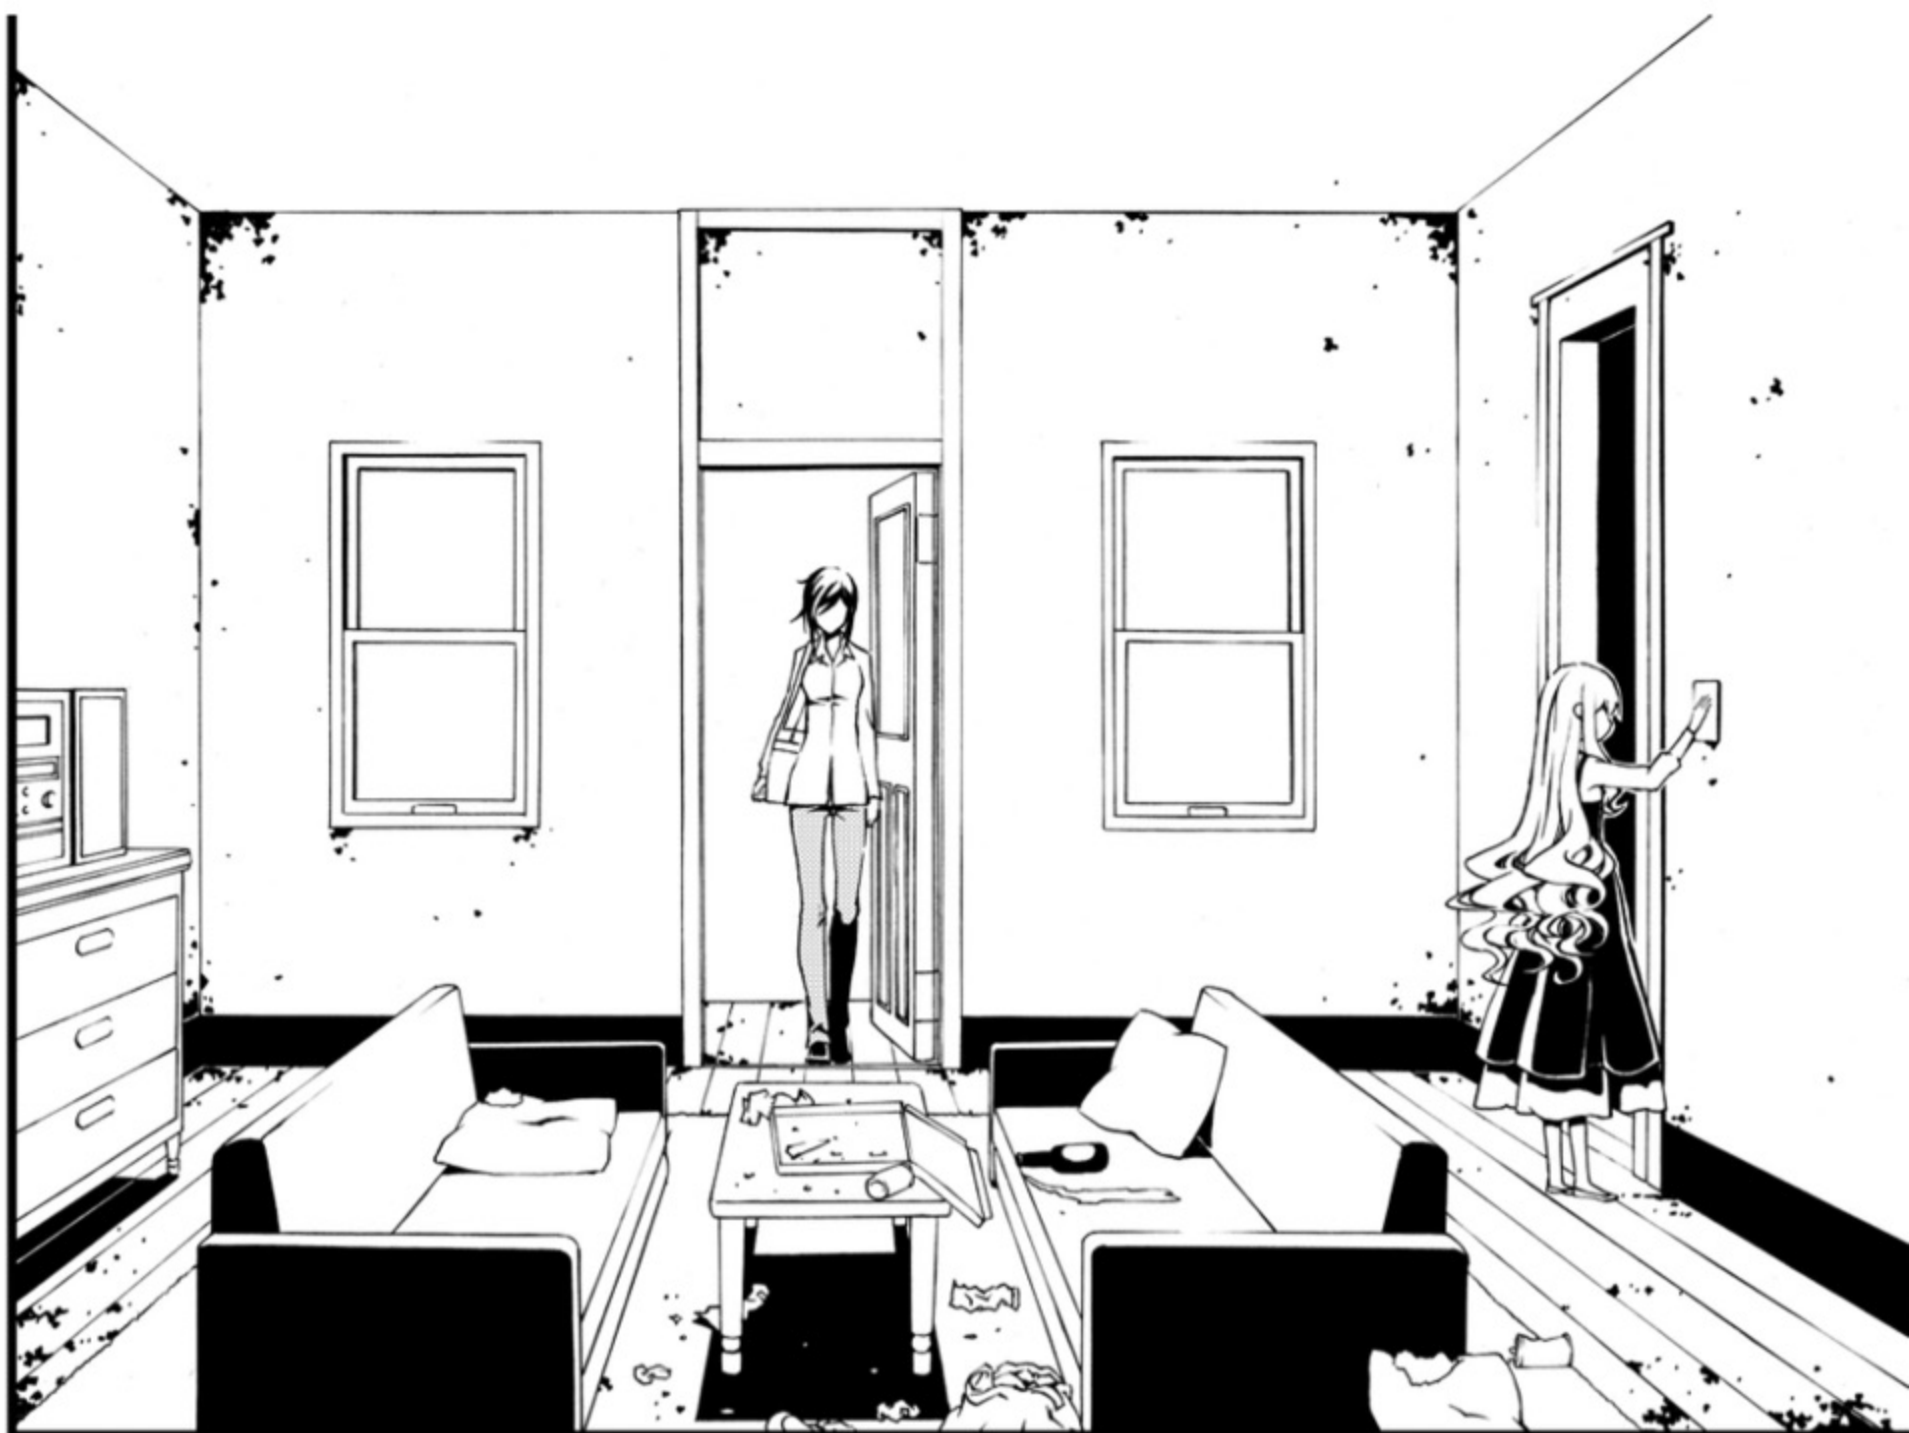

*...you've done
nothing wrong.*

Were your happiest moments the ones you spent listening to that clock, waiting for the desserts to come out of the oven?

...That's wrong.

Brats.

At the end of the day, you can't let go of your mother.

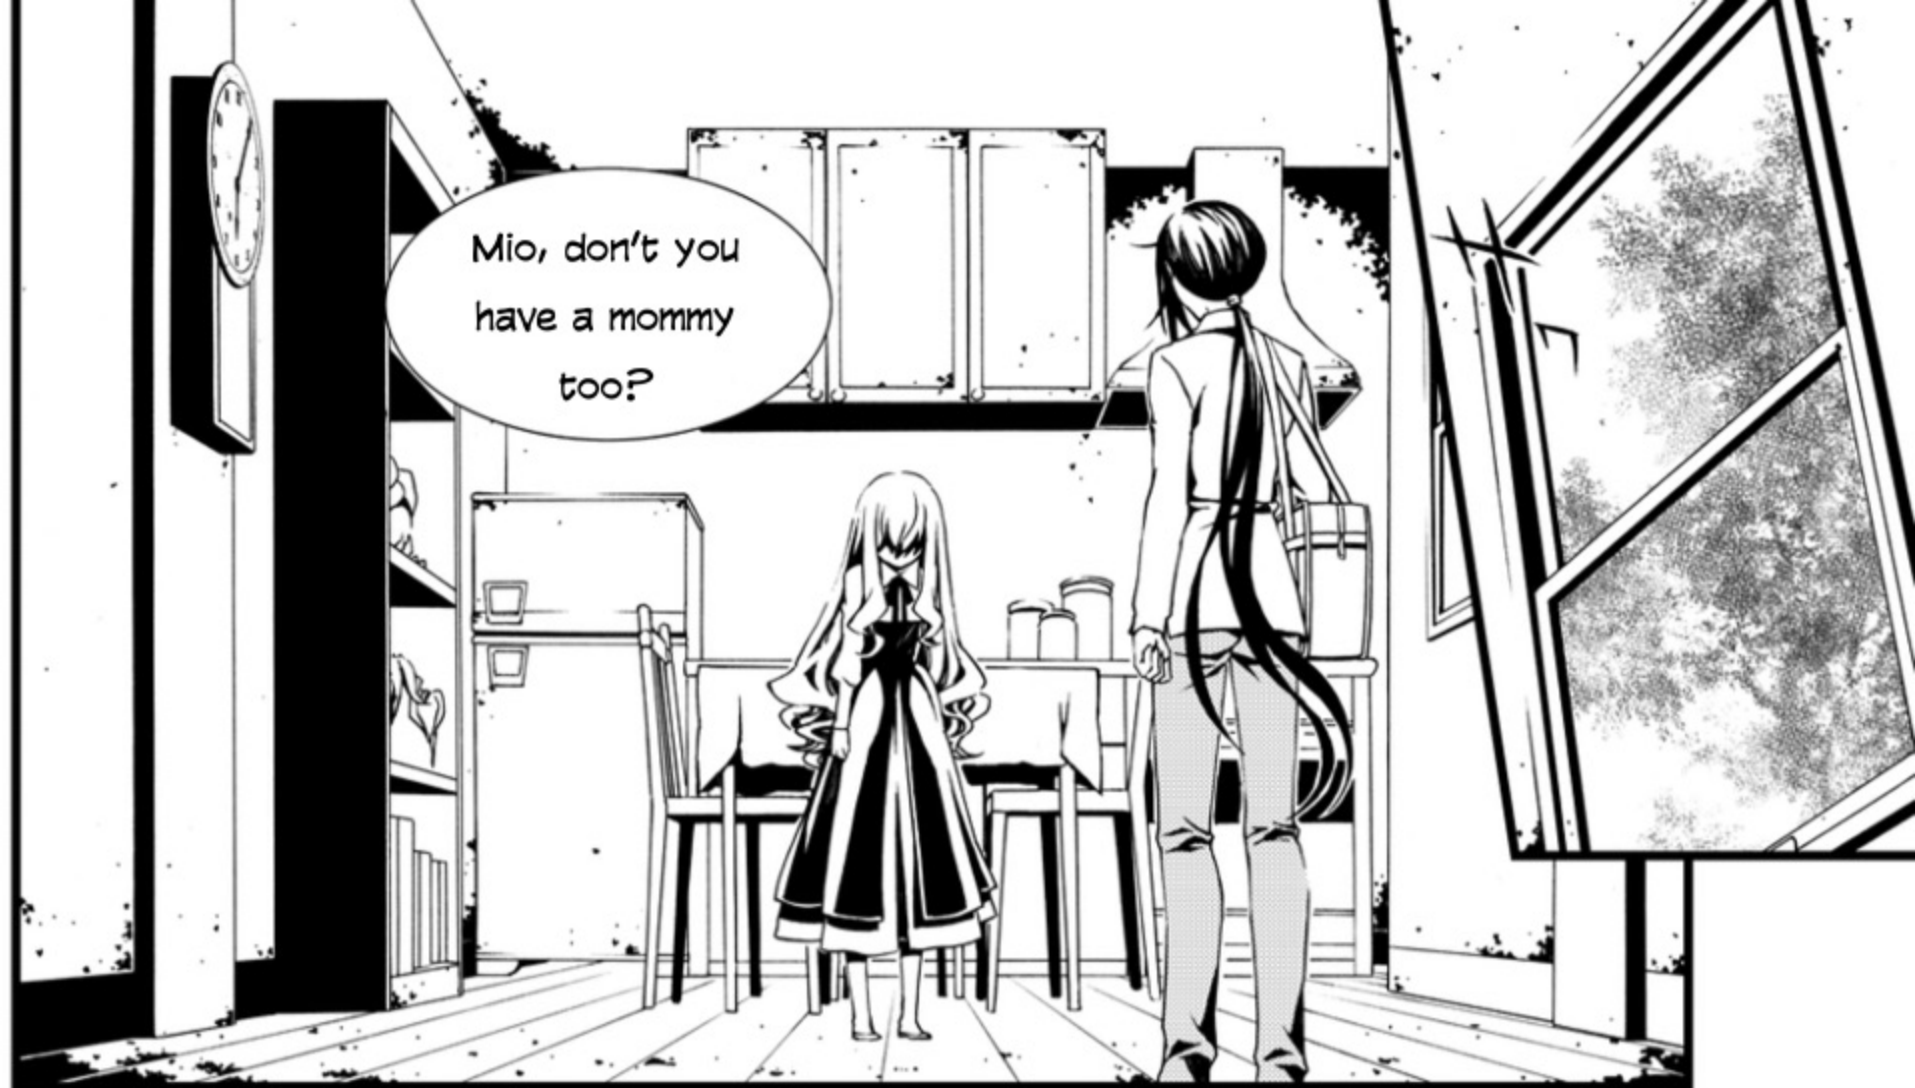

And with the sound of the tree it's the same.

It's not that you like it up there, on top of the tree in the courtyard - it's that you wanted to hear the same sounds you heard here.

NO, YOU'RE WRONG!

Mio, don't you
have a mommy
too?

What?!

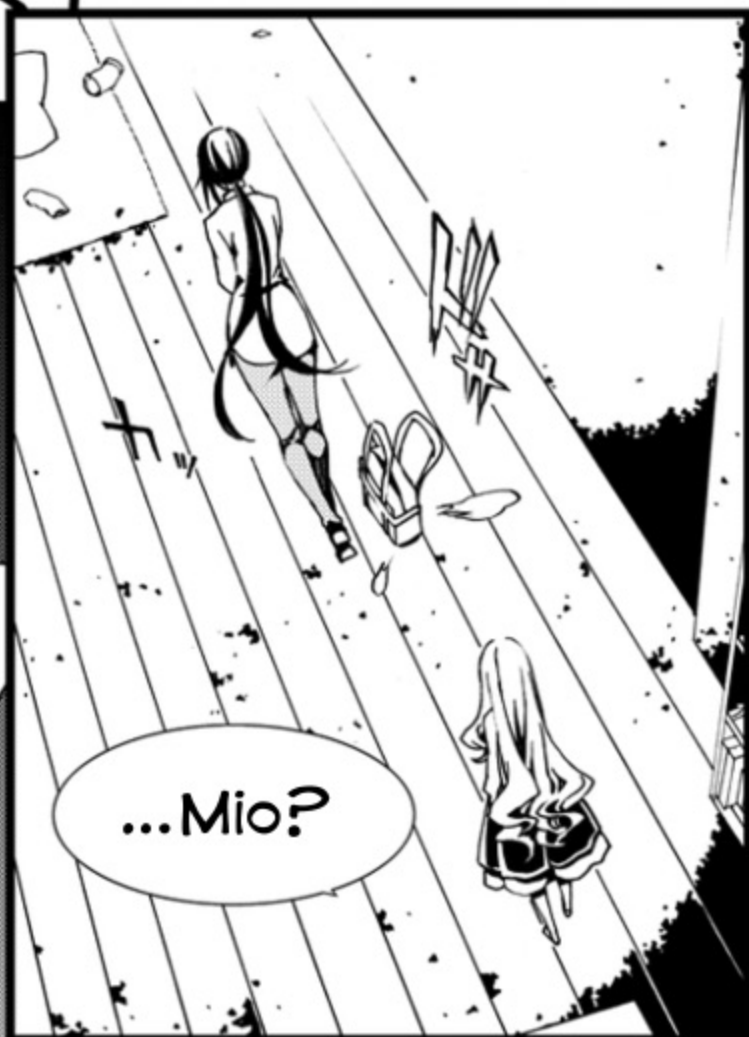

...Then I don't
understand!

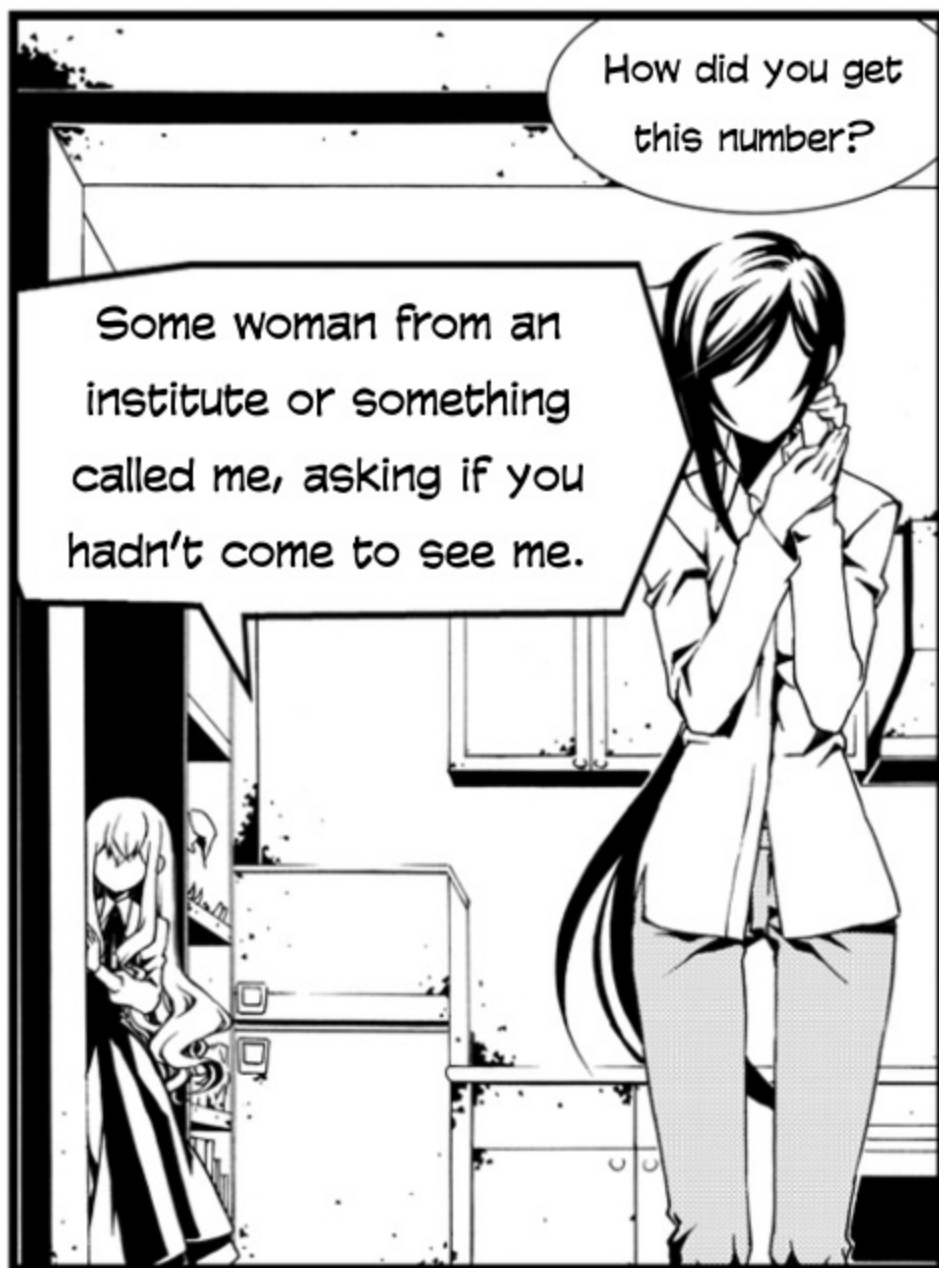

I...

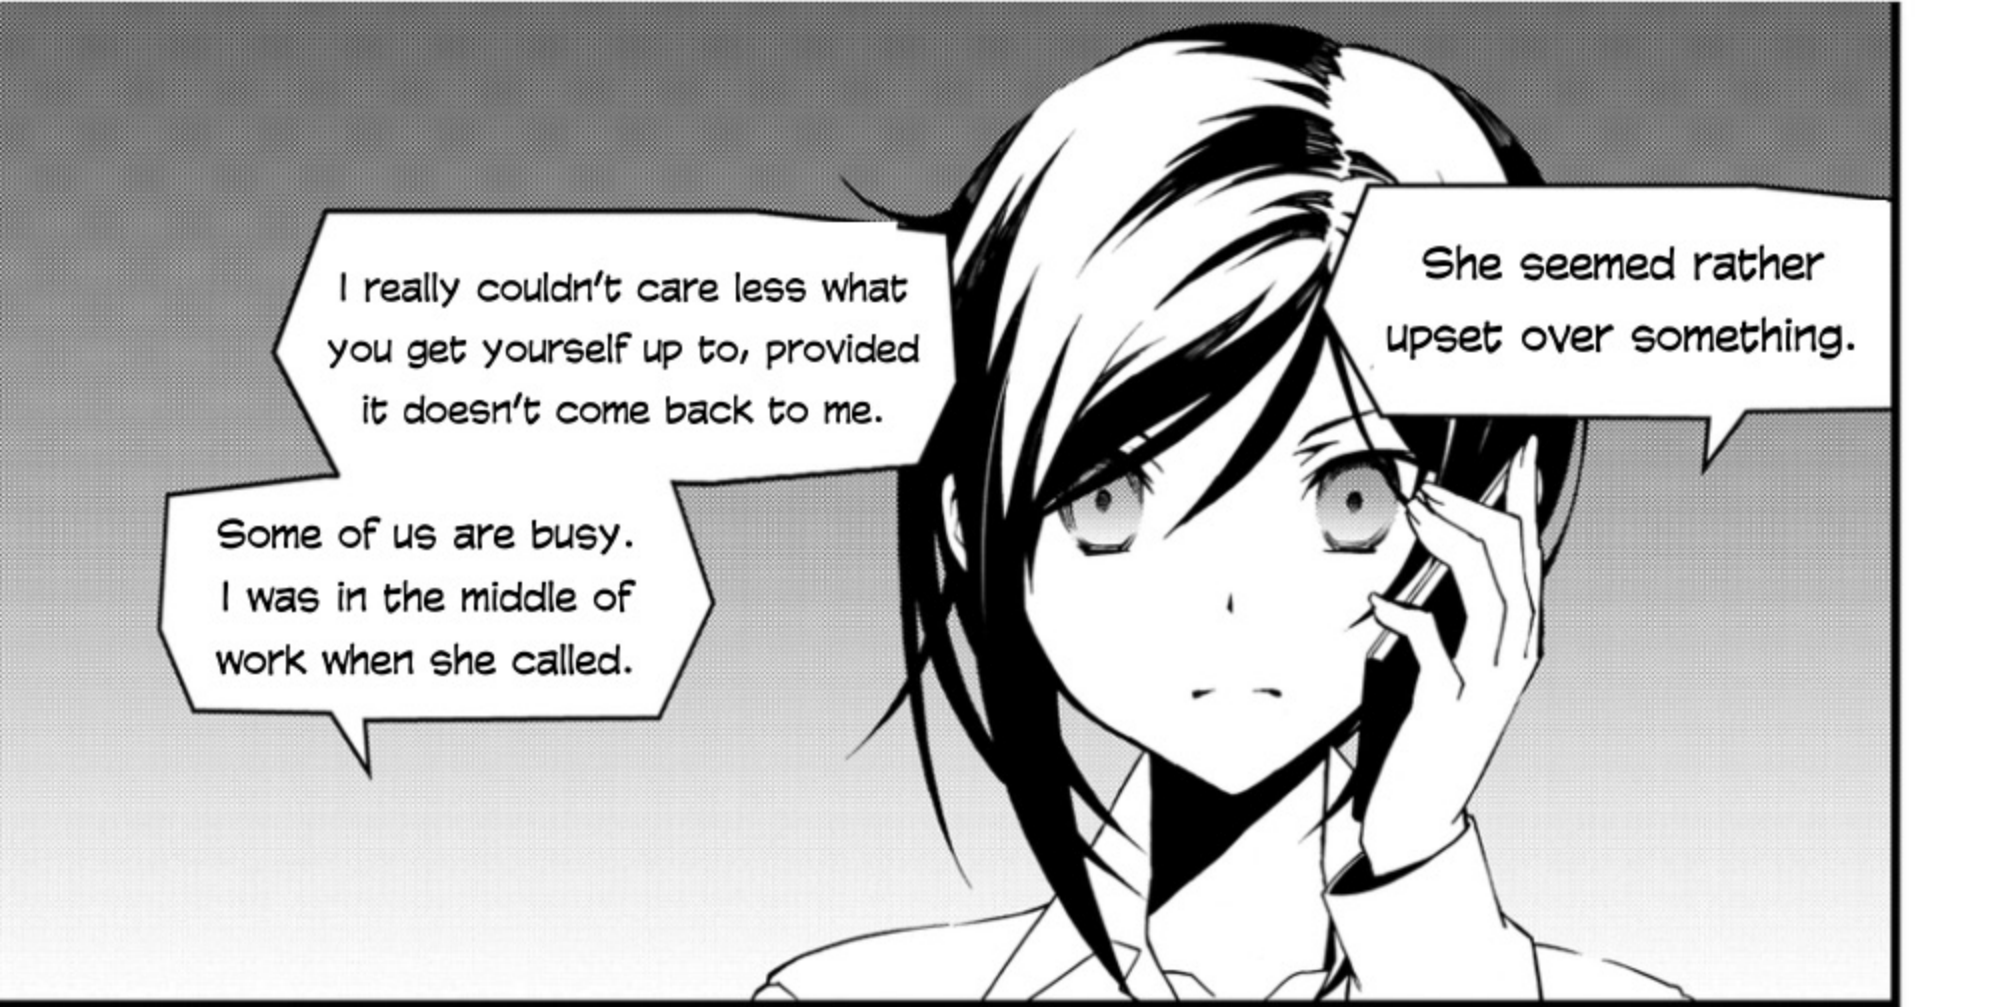

...Hello?

...Mio?

I really couldn't care less what you get yourself up to, provided it doesn't come back to me.

Some of us are busy. I was in the middle of work when she called.

She seemed rather upset over something.

You'd think you would have learned by now, after all the times we've had this conversation since you were little...

...Mom, do you remember what happened when I was in first grade?

Are we clear?

You are to handle your issues by your—

Angry that I'd
gotten food on your
work documents. You
kicked me out of the
apartment.

We were living in
Japan. I cooked. You
got angry.

Whined about the
mess I'd made like I'd
ruined your day.

You yelled at me to
stop crying, the way
you always did,

...What are you
talking about? I told
you, I'm busy.

That day...

I don't remember.
Now as I said, I
happen to be—

...was
my seventh
birthday.

I wanted us to
eat and celebrate
together.

I knew you were
busy, so I cooked
on my own.

I TOLD YOU, I DON'T
REMEMBER ANY OF
THIS!

Hurry on back to that
Institute or Facility or
whatever it was and do
your "research."

Just stop
causing me
trouble!

I have one warning
for you. Just one.

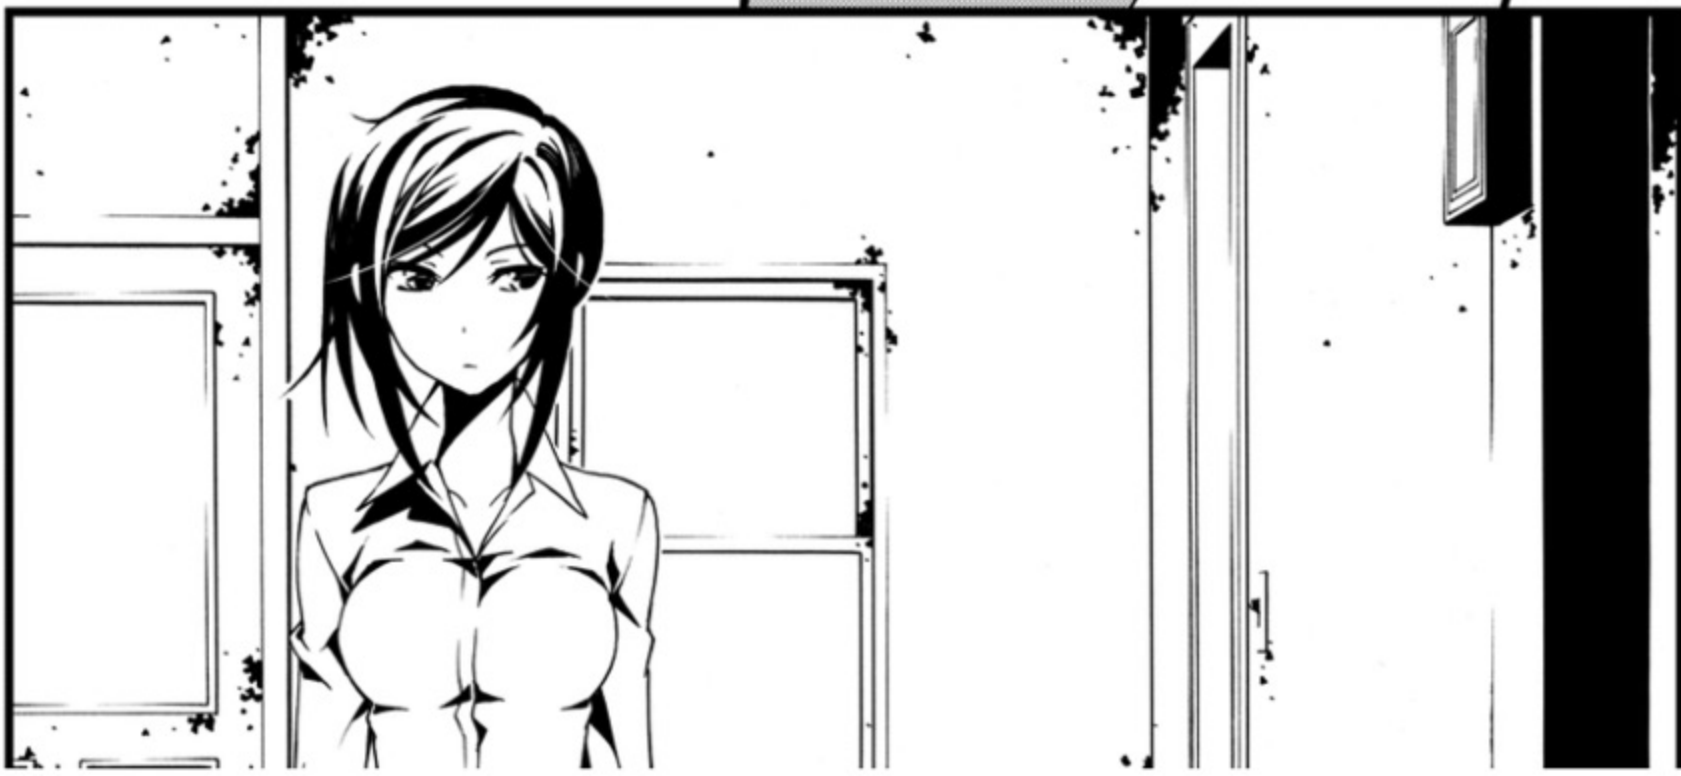

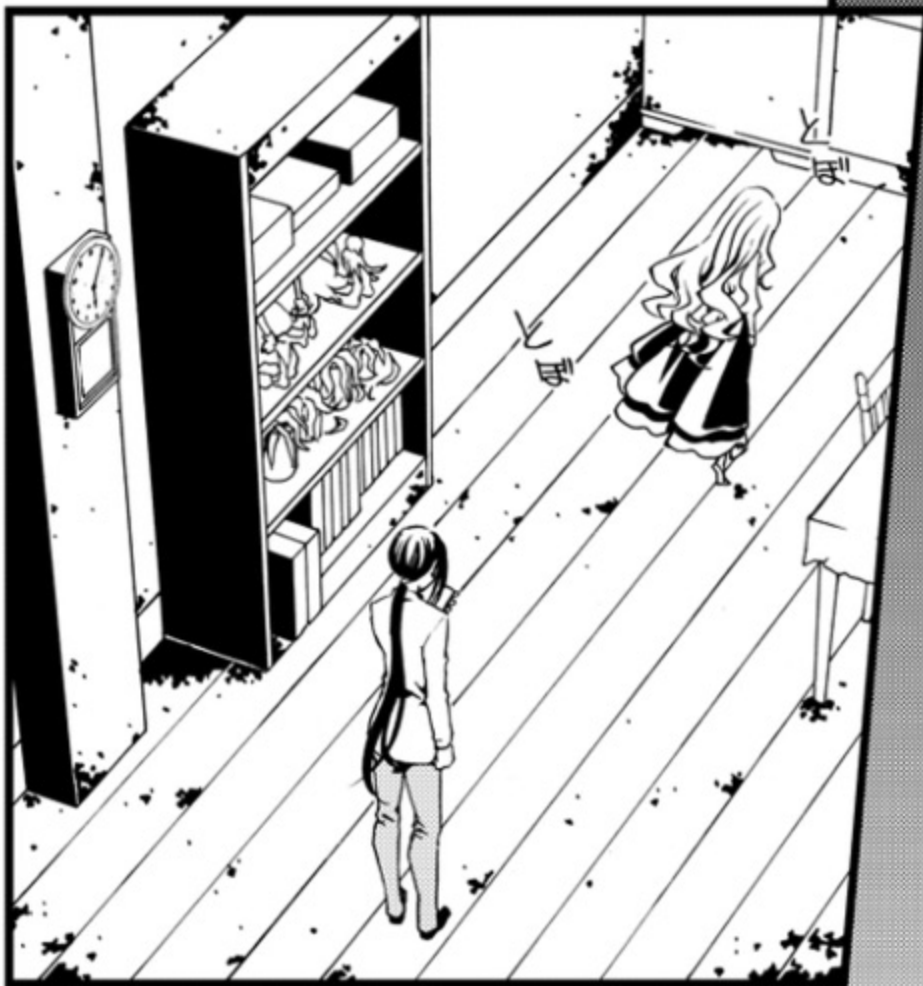

...No, you
don't.

Mio, what
are you—

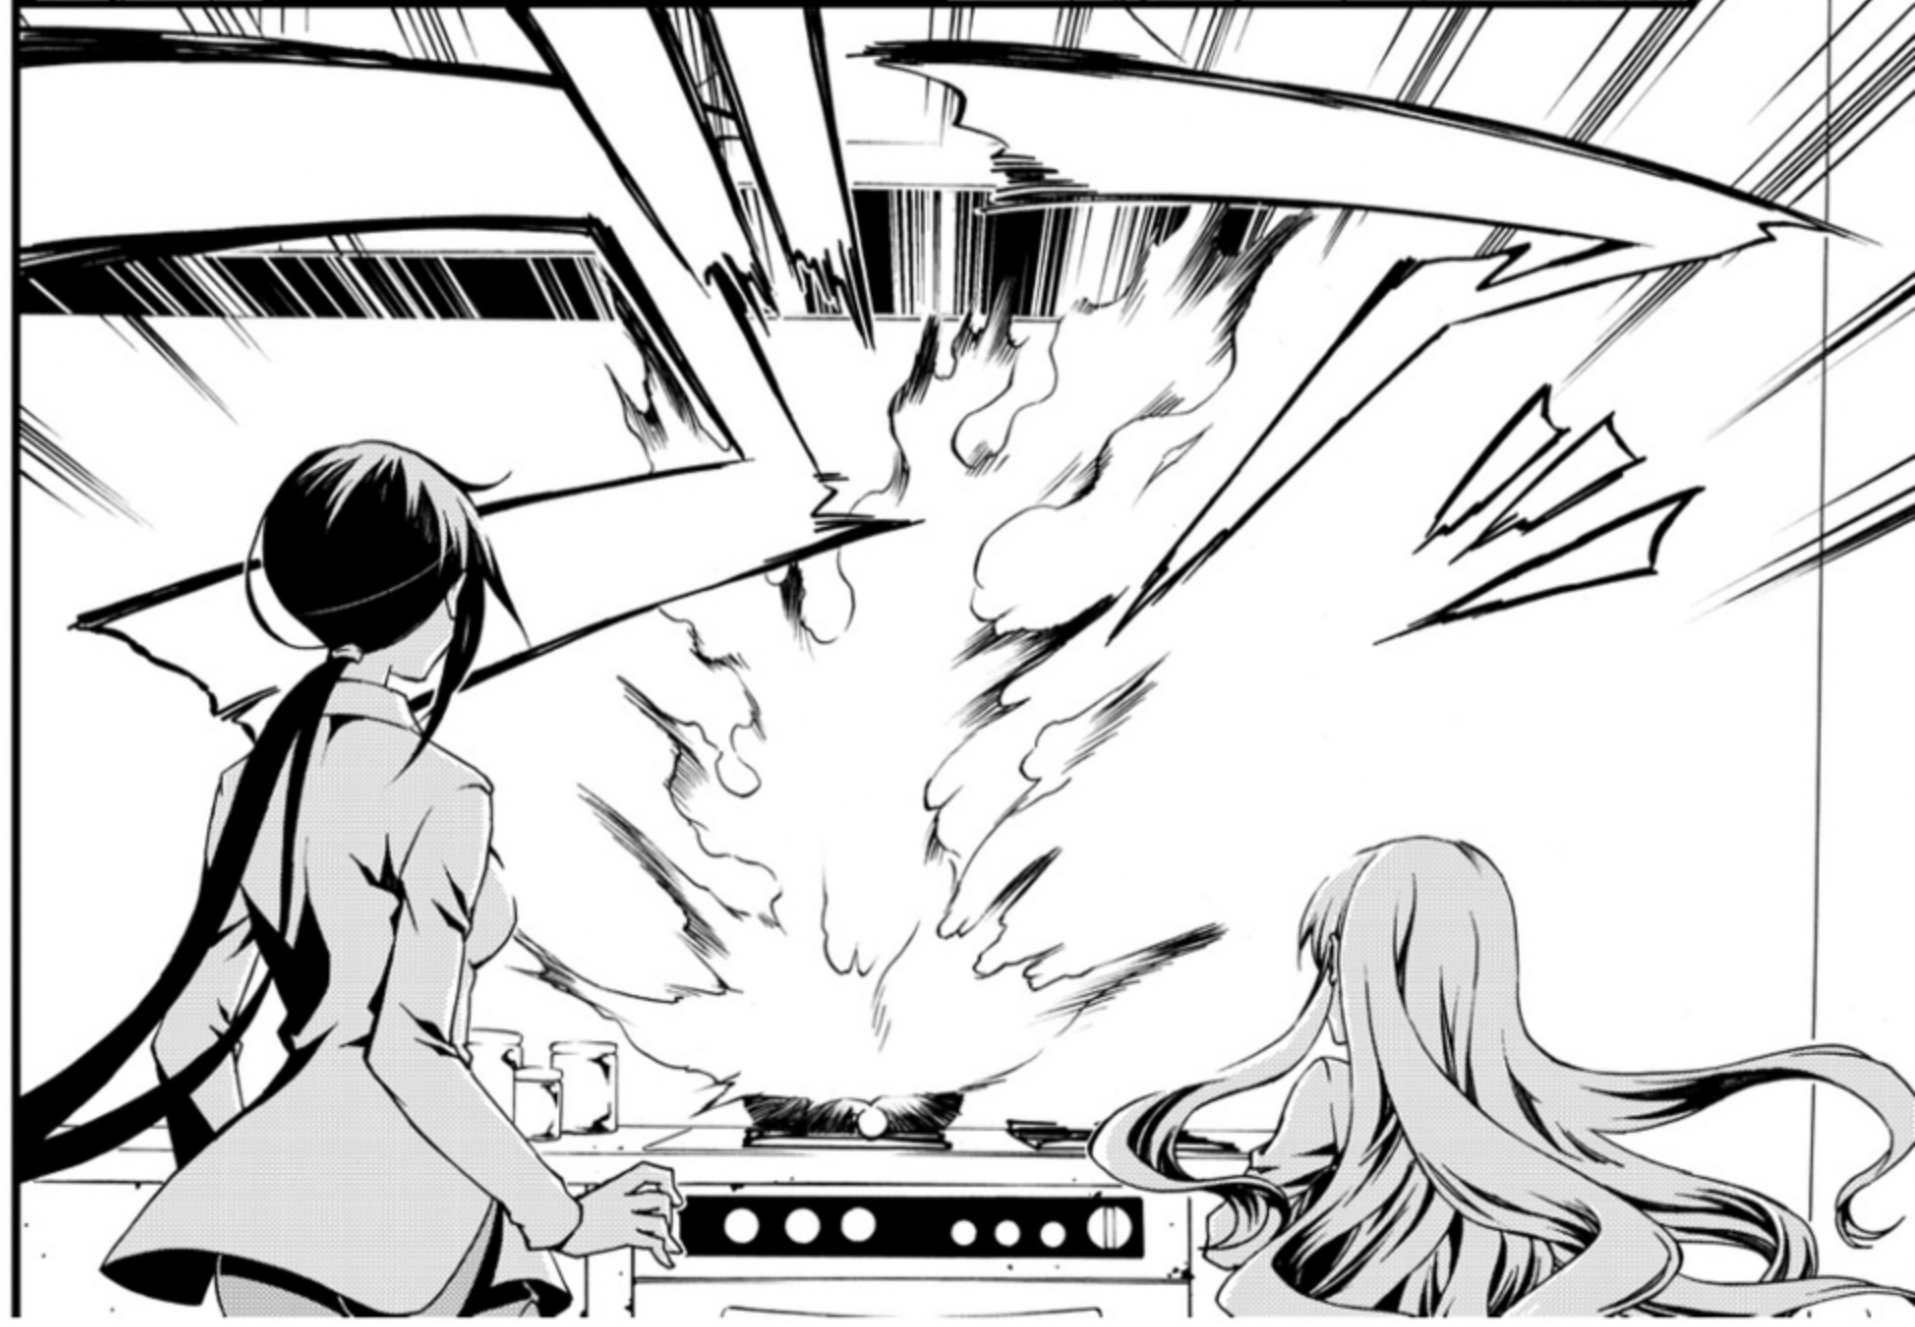

I BETTER
BE THE LAST TIME IN
YOUR LIFE YOU FORGET
BOTH CONDOMS AND
THE PILL!

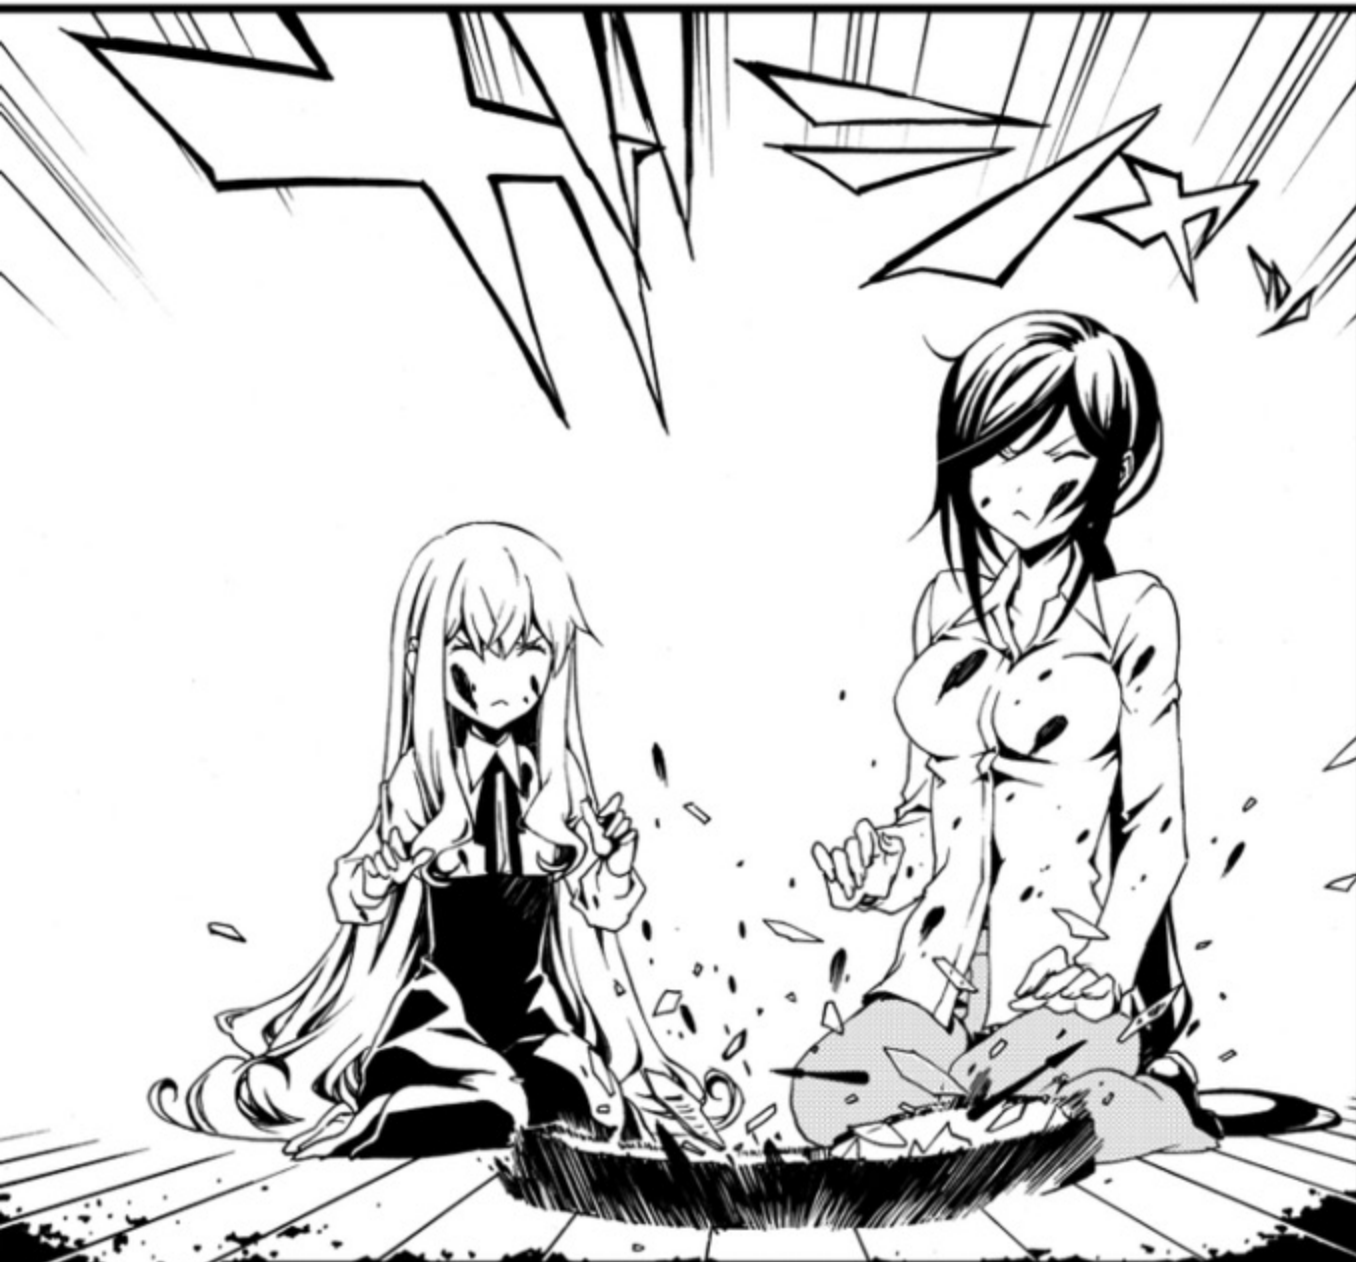

SFX:
Whoosh

...And
your excuse
is?

It was for
research.

Wasn't Beth
uncooperative with
our research? And
dissatisfied living
here?

The tree climbing
and everything else is due to
a dependence on certain
sounds. I wanted to confirm
just what those sounds were.

She said that she
wants *you* to be in
charge of her from
now on.

What did you
tell her?

?

...Aren't you
the one being
fixated here?

Nothing,
really.

Just to not
be so fixated on
her parents.

But what
about the
truth?

Are we
done?

It's been
a long day.
I'm tired.

Between how
you treat the children
and from talking with your
mother herself, I
can tell...

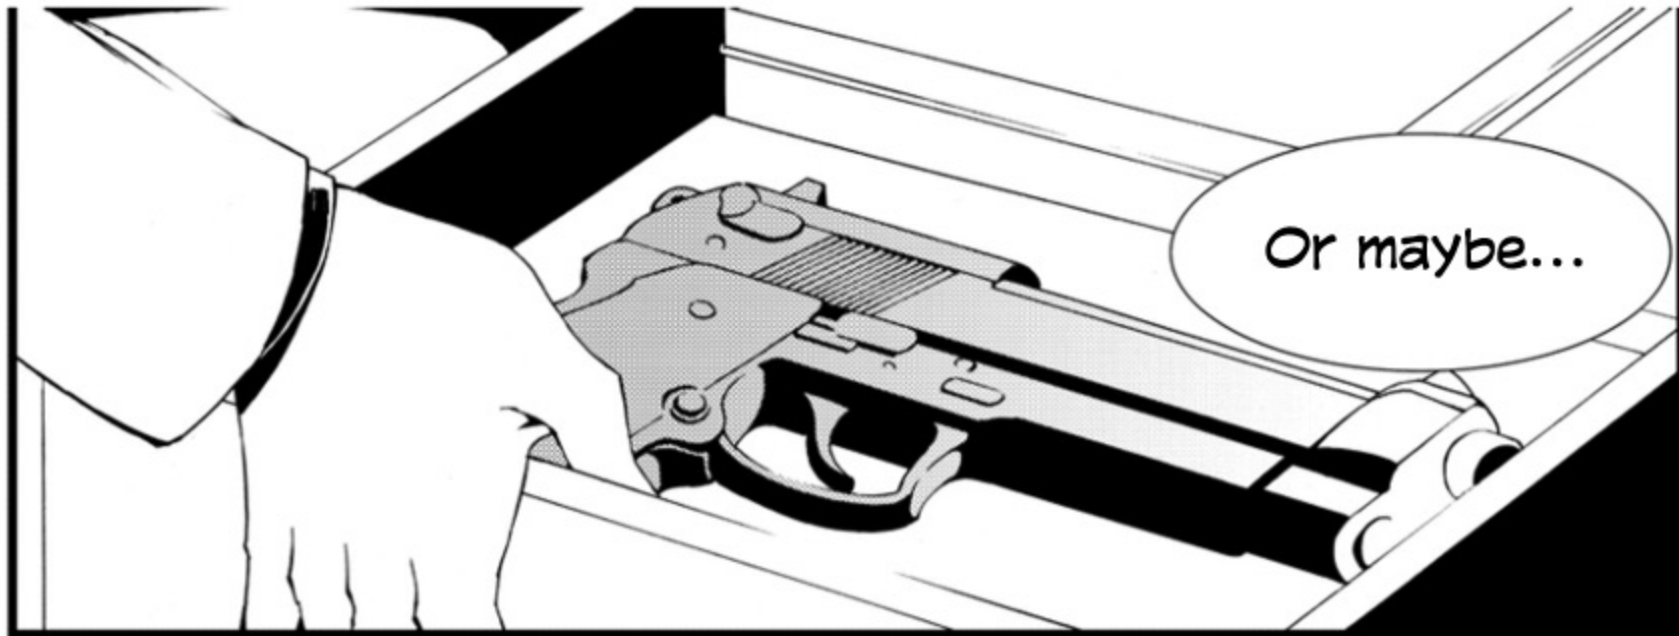

That what you
wanted to find, was a
kindred spirit.

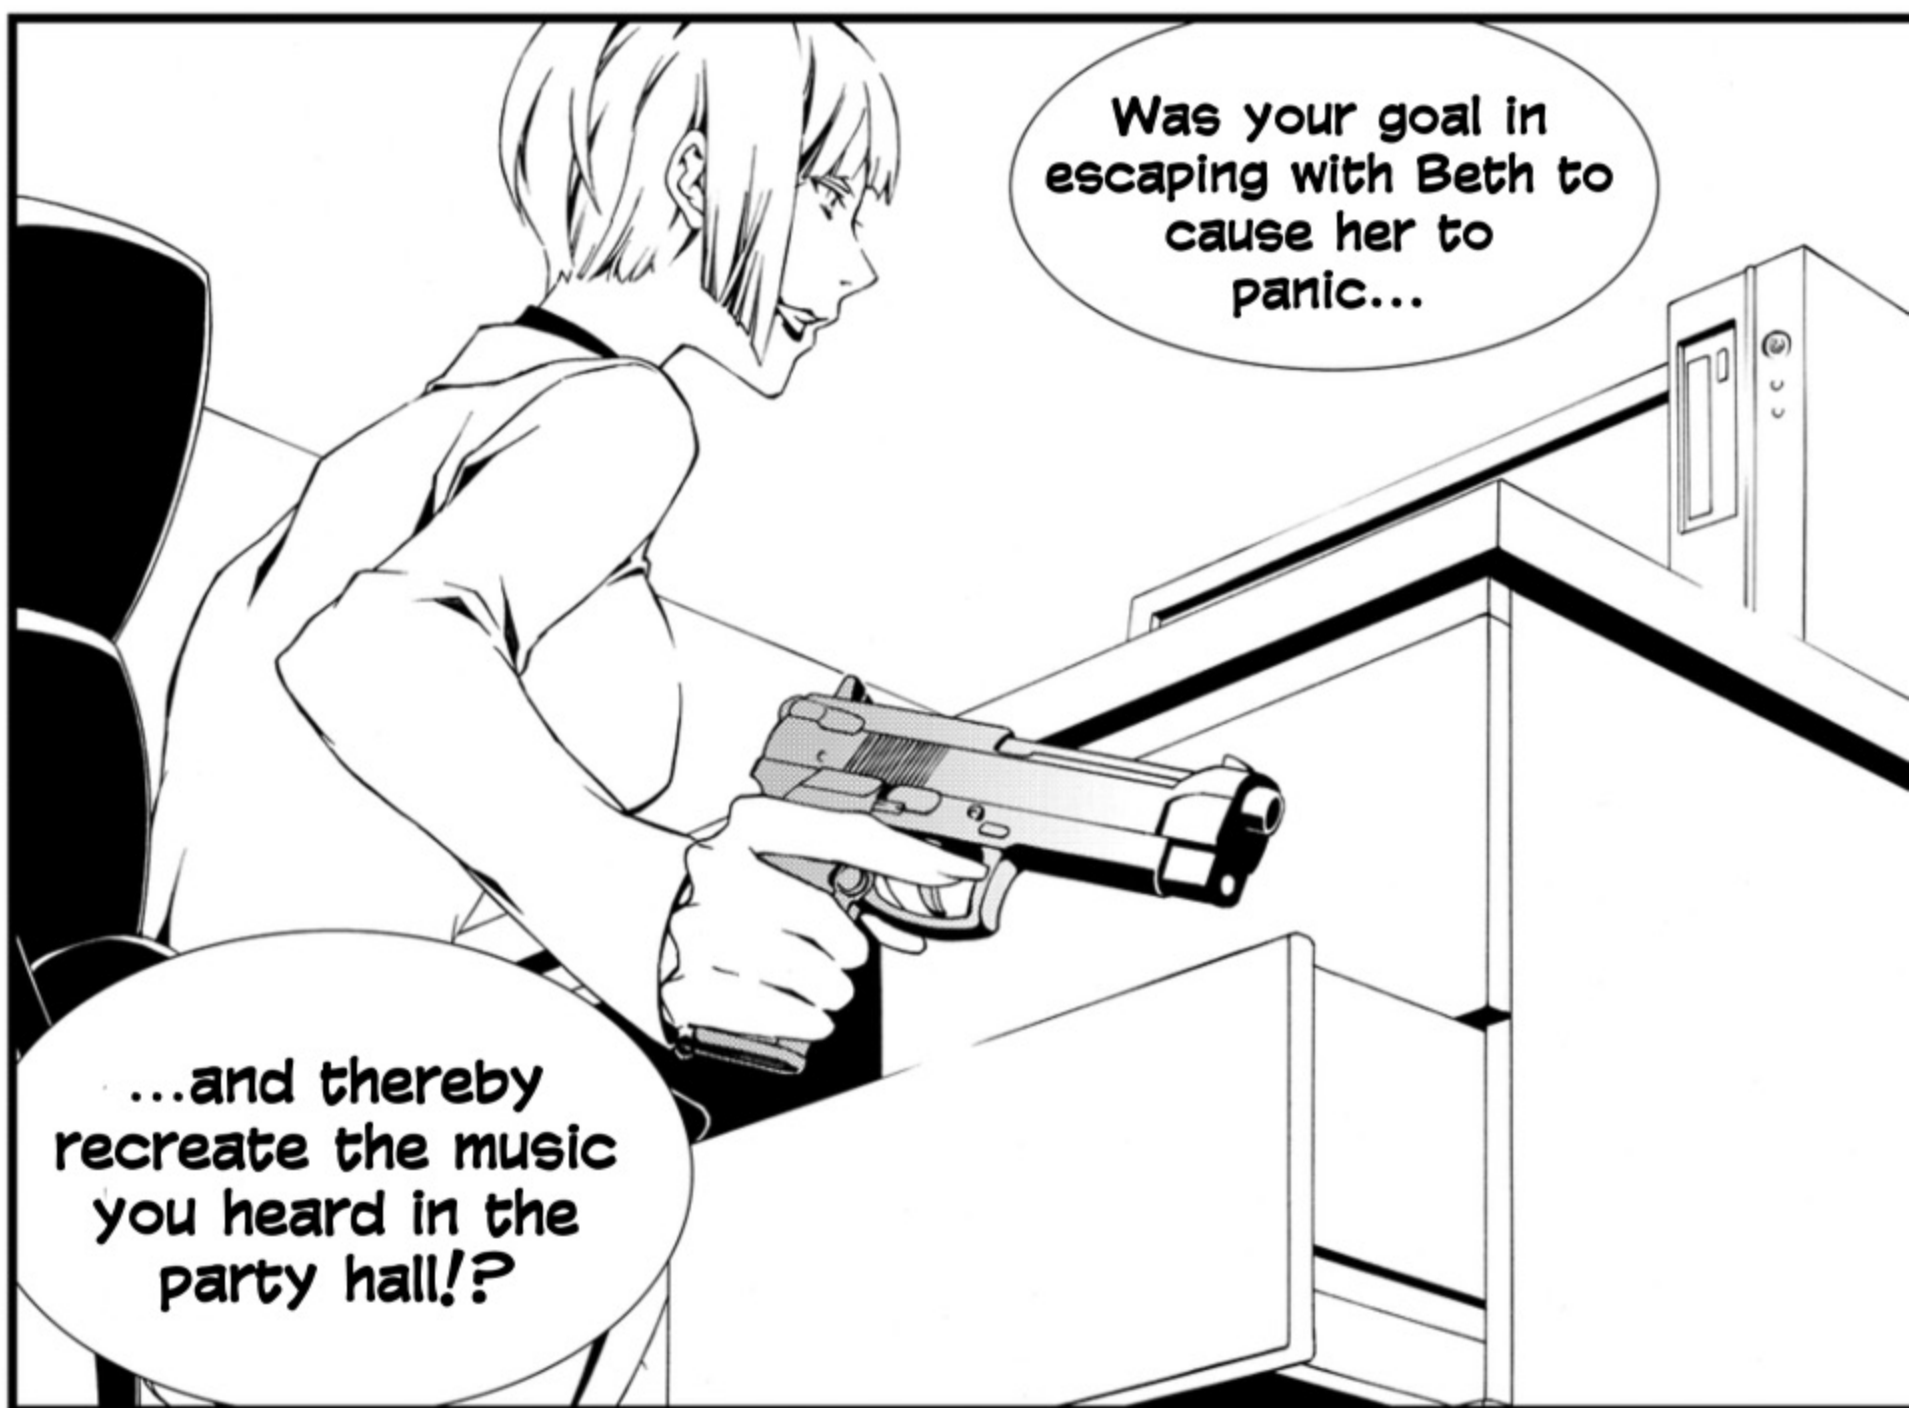

Huh?

If you only
wanted to confirm
the facts about her,
you could have gone
by yourself.

Or maybe...

Was your goal in escaping with Beth to cause her to panic...

...and thereby recreate the music you heard in the party hall!?

So you admit it?

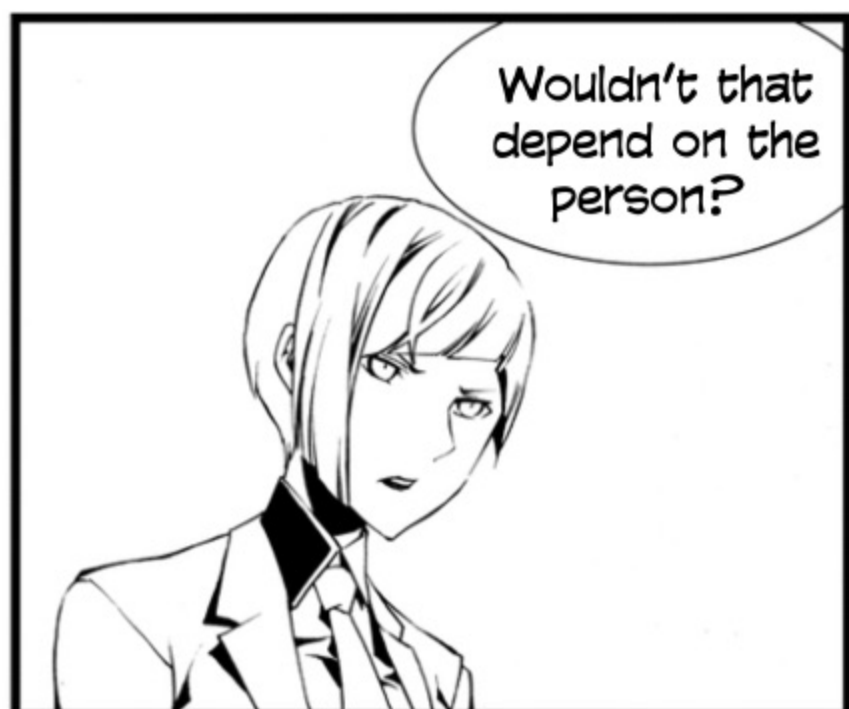

...Hey.

...Go.

I'll decide how
to discipline you
later.

What are these emotions that I'm beginning to feel towards Beth?
